

Market Square and the Waterfront, 1913 – Below is Market Square down by the waterfront in 1913. At that time, Front Street was right up against the water. The area between the docks was filled in for the Market Square Park, a great addition to the waterfront. Trolley Tracks run down Market and make a right onto Front Street. St Martin’s shown on Church Street near Maiden Lane, still has some room behind it.

St Martin's c1906

Old St. Martin's Church, Marcus Hook, Pa. First used for church purposes in 1702.
